Foreword

The MAURITIUS ACCREDITATION SERVICE (MAURITAS) is a governmental body established in 1998 to provide a national, unified service for the accreditation of Conformity Assessment Bodies (CABs) such as calibration/testing laboratories, certification bodies and inspection bodies. Organizations that comply with the MAURITAS requirements are granted accreditation by MAURITAS.

About MAURITAS publications

MAURITAS publications are categorized as follows:

- **R series**  
  Publications containing general policy and requirements related to MAURITAS accreditation.

- **G series**  
  Publications providing guidance on MAURITAS requirements.

- **A series**  
  Publications related to assessment procedures.

- **P series**  
  MAURITAS quality system procedures

- **F series**  
  MAURITAS Forms

- **Directories**  
  Classified listing of accredited organizations.
Procedure for Assessment of Accredited Certification Bodies

1. Purpose

1.1 This procedure shall ensure that all assessment activities of the accredited certification bodies shall be carried out in a professional manner.

2. Scope and responsibility

2.1 This procedure comprises handling of all assessments of MAURITAS accredited certification bodies. Where relevant, the procedure also includes activities related to an extension of accreditation within the existing scope of accreditation.

2.2 All personnel who perform assessment activities of accredited certification bodies shall adhere to this procedure.

3. References

The following documents contain provisions which, through reference in this text, constitute provisions of the MAURITAS accreditation system. For dated references, subsequent amendments to, or revisions of, any of these publications do not apply. For undated MAURITAS references, the latest edition of the document referred to, applies. MAURITAS maintains a register, of the current valid MAURITAS accreditation documents.

3.1 ISO/IEC 17021-1 : Conformity assessment – Requirements for bodies providing audit and certification of management systems- Part 1: Requirements

3.2 ISO/IEC 17021-2 : Conformity assessment -- Requirements for bodies providing audit and certification of management systems -- Part 2: Competence requirements for auditing and certification of environmental management systems.

3.3 ISO/IEC 17021-3 : Conformity assessment -- Requirements for bodies providing audit and certification of management systems -- Part 3: Competence requirements for auditing and certification of quality management systems.

3.4 ISO/TS 22003 : Food safety management systems -- Requirements for bodies providing audit and certification of food safety management systems.

3.5 ISO/IEC 27006 : Information technology -- Security techniques -- Requirements for bodies providing audit and certification of information security management systems.

3.6 ISO/IEC 27006/ AMD 1 : Information technology -- Security techniques -- Requirements for bodies providing audit and certification of information security management systems -- Amendment 1.

3.7 MAURITAS A Series documents

3.8 MAURITAS G Series documents

3.9 MAURITAS R Series documents
3.10 ISO/IEC 17011 : General requirements for accreditation bodies accrediting conformity assessment bodies.

3.11 IAF MD1 : IAF Mandatory Document for the Audit and Certification of a Management System Operated by a Multi-Site Organisation

3.12 IAF MD 2 : IAF Mandatory Document for the Transfer of Accredited Certification of Management Systems

3.14 IAF MD 7 : Harmonisation of Sanctions

3.15 IAF MD 12 : Accreditation Assessment of Conformity Assessment Bodies with Activities in Multiple Countries

3.16 IAF MD 15 : IAF Mandatory Document for the Collection of Data to Provide Indicators of Management System Certification Bodies' Performance

3.17 IAF MD 16 : Application of ISO/IEC 17011 for the Accreditation of Food Safety Management Systems (FSMS) Certification Bodies

3.18 IAF MD 17 : Witnessing Activities for the Accreditation of Management Systems Certification Bodies

3.19 IAF MD 20 : Generic Competence for AB Assessors: Application to ISO/IEC 17011

3.20 IAF ML 1 : Guidance for the Exchange of Documentation among MLA Signatories for the Assessment of Conformity Assessment Bodies

3.21 IAF COVID FAQs 8, 10, 13, 26, 27, 32 and 33

3.22 ILAC/IAF JWG A-Series FAQ1

4. Definitions

4.1 Accreditation
A third-party attestation related to a Certification Body conveying formal demonstration of its competence to carry out specific audit and certification activities.

4.2 Assessment
Process undertaken by MAURITAS to determine the competence of a certification body, based on standard(s) and/or other normative documents for a defines scope of accreditation.

4.3 Witnessing
Witnessing is the on-site assessment of a certification body to evaluate if audits are satisfactory performed.

4.4 Major non-conformities
Non-Conformities that affect the capability of the management system to achieve the intended results.

4.5 Minor non-conformities
Non-Conformities that do not affect the capability of the management system to achieve the intended results.

4.6 Assessment programme
Set of assessments consistent with a specific accreditation scheme that the accreditation body performs on a specific certification body during an accreditation cycle

4.7 Assessment plan
Description of the activities and arrangements for an assessment

4.7 Accreditation Body personnel
Internal or external individuals carrying out activities on behalf of the accreditation body

4.8 Assessor
Person assigned by an accreditation body to perform, alone or as part of an assessment team, an assessment of a conformity assessment body

4.9 Team Leader
Assessor who is given the overall responsibility for the management of an assessment

4.10 Technical Expert
Person assigned by an accreditation body, working under the responsibility of an assessor, who provides specific knowledge or expertise with respect to the scope of accreditation to be assessed and does not assess independently. However, a technical expert can work in an area alone if an Assessor/Team Leader is available and periodically checking and communicating with the technical expert (this includes also keeping in touch via email or telephone or a mobile application).

4.6 NACE code system
NACE code system is the European standard for industry classifications and was introduced in 1970. NACE stands for "Nomenclature Générale des Activités Economiques dans L’Union Européenne". The field of activities can be accessed on website: http://epp.eurostat.ec.europa.eu/cache/ITY_OFFPUB/KS-RA-07-015/EN/KS-RA-07-015-EN.PDF

4.7 IAF scope of accreditation
IAF scope of accreditation is based on the statistical nomenclature for economic activities NACE Rev.2 published by the Commission of European Communities. The IAF scope for a Certification Body may be expressed in terms of one or more elements from a list of economic activities.
## 5 Assessment

### 5.1 Planning

<table>
<thead>
<tr>
<th>Responsibility</th>
<th>Activity</th>
<th>Documents</th>
</tr>
</thead>
<tbody>
<tr>
<td>Case Officer</td>
<td>Reviews the assessment programme taking into consideration any cross-frontier activities and covering the scope of the applicant certification body together with the associated risks related to activities, location and personnel for the accreditation cycle. Factors such as knowledge obtained by MAURITAS about the CB’s management system and activities and the performance of the CB are also considered when reviewing the assessment programme. Follows up with the CB to ensure that the latter sends a complete and updated schedule of confirmed and planned audits (dates, location, audit team composition, audit type and scope) on a yearly basis.</td>
<td>IAF MD17</td>
</tr>
<tr>
<td>Case Officer</td>
<td>Plans assessments for the whole accreditation cycle of four years. The first on-site assessment is carried out 6 months after grant of accreditation and thereafter annually. Ensures that all the requirements of ISO/IEC 17021-1, the relevant competence requirements as per Annex D of QAM1 and the scope of accreditation are assessed taking risks into consideration during one accreditation cycle. Ensures that the assessments be carried out within 1 month of its scheduled date. Where applicable, is responsible for analysing trends, if any, in non-conformities raised during the previous assessment visits at the CB for planning of its assessment in an accreditation cycle. MAURITAS may use assessment techniques other than on-site assessment in case of extraordinary events.</td>
<td>IAF MD20 IAF MD17 MAURITAS A24</td>
</tr>
<tr>
<td>Case Officer</td>
<td>Follows steps in the section on ‘Resource Review’ in MAURITAS A9 to carry out resource review. Resource review is carried out within 2 weeks of the date of assessment. Takes into consideration the duration of the assessment, when filling in the resource review form, based on the following factors: -The assessment of the CB will be undertaken for a minimum duration of two (2) days (in case of office assessment). The number of days for the office assessment will be increased depending on: a) complexity of the CB b) number of geographical locations of the CB activities c) the structure of the quality system d) the proposed scope(s) of accreditation and</td>
<td>MAURITAS A9</td>
</tr>
</tbody>
</table>
e) where relevant, the combination of multi-standards for accreditation  
f) Effective number of personnel involved within the scope of certification;  
g) Confirmed and planned audit schedules and locations;  
h) Audit time determination and justification to the client’s organization;  
i) Number of qualified auditors (internal and external) involved in the relevant certification schemes;  
j) number of certified companies; and  
k) assessment/Auditing techniques.

-The minimum number of days for witnessing a particular code/food chain category, for a given CB’s client, shall be the same as the man days determined by the CB in compliance with IAF MD 5/ISO TS 22003/ISO/IEC 27006.

Plans the assessment such that the assessment team assesses the performance of a sample of certification activities representative of the scope of accreditation of the CB. The assessment needs to cover a sample of locations and personnel to determine the competence of the CB activities in its scope of accreditation for which it has applied.

<table>
<thead>
<tr>
<th>Case Officer</th>
</tr>
</thead>
<tbody>
<tr>
<td>Within 2 months prior to the visit, the Case Officer is responsible for:</td>
</tr>
<tr>
<td>• Requesting to the CB its updated Quality Documentation as well as complaints, latest management review, complaints and internal audit reports.</td>
</tr>
<tr>
<td>• Constitution of assessment team including information about their organisation and background;</td>
</tr>
<tr>
<td>• Liaising with the CB for arrangements (witnessing and office assessment);</td>
</tr>
<tr>
<td>• Liaising with foreign Accreditation Body (if any);</td>
</tr>
<tr>
<td>• Proposing dates of assessment and witnessing;</td>
</tr>
<tr>
<td>• Agreeing on organisations to be witnessed;</td>
</tr>
<tr>
<td>• Discussing on tentative plan for assessment including covering all clauses of the relevant standard and witnessing.</td>
</tr>
</tbody>
</table>

The plan shall allow for:

• all parts of the accreditation scope and the management system be covered at least once during the accreditation cycle according to procedures;
• key elements of the management system, including but not limited to complaints, management review and internal audit, to be assessed during each assessment;
• every element in the relevant accreditation standard be assessed during the accreditation cycle;
• every geographical/administrative unit be assessed during the accreditation cycle;

witnessing of certification bodies during on-site audits be included;
• necessary resources be allocated for the assessment;
• additional resources be allocated if the assessment includes an extension of scope.

Reference is made to the established timeline in Annex A.

During planning, the Case Officer also:

• decides the tentative dates for the on-site assessment together with the CB;
<table>

<tbody>
<tr>
<td><strong>Director of MAURITAS</strong></td>
<td>Approves assessment team, selected by Case Officer and recommended by Head of Quality and CB Section prior to each assessment.</td>
</tr>
</tbody>
</table>
| **Case Officer** | Requests all proposed members of the assessment team to declare any former, existing or envisaged link or competitive position between themselves/their parent organisation and the CB to be assessed.  
In the event that one or more of the proposed team member declares any interest or link, the resource review process will be repeated with new proposed team members.  
Also, requests all proposed members of the assessment team to take a confidentiality pledge. |
| **Case Officer** | Gives information (within 1 week) to the accredited CB about:  
- Proposed assessment team including information about their organisation and background  
- Cost estimate  
- Time schedule  
Note: The determination of the assessment durations is as determined during the resource review exercise.  
Finalises all the above-mentioned information with the accredited CB prior to carry out the assessment.  
Appoints new Assessors and/or Technical Experts if they are not accepted by the CB, and may recommend actions based on the CB’s reason. If the reason given is not considered to be valid by the Case Officer, and local Assessors/Technical Experts are not available, the CB will have to bear the cost of using foreign Assessors/Technical Experts |
| **Team leader/Assessor/MAURITAS Officer accompanying the Technical Expert** | Reviews the Quality Documentation as well as latest management review, complaints and internal audit reports prior to the office assessment. |
| **Case Officer** | Is responsible that the assessment plan is adequately defined, including locations, personnel and activities as well as sufficient time to perform the assessment and covers all clauses of the relevant standard(s).  
Is responsible for providing the following forms to the Team Leader (at least one week before assessment):  
- Assessment plan  
- Checklist for Assessor Pack  
- Briefing Meeting with Assessors and/or Technical Experts  
- Witness Assessment Report for Management Systems |
<table>

## 5.2 Planning of witnessing

<table>
<thead>
<tr>
<th>Responsibility</th>
<th>Activity</th>
<th>Documents</th>
</tr>
</thead>
<tbody>
<tr>
<td>Case Officer</td>
<td>Reviews the assessment programme taking into consideration any cross-frontier activities and covering the scope of the certification body together with the associated risks related to activities, location and personnel for the accreditation cycle.</td>
<td>IAF MD17 MAURITAS A22, A24, A25, A28</td>
</tr>
<tr>
<td></td>
<td>Follows up with the CB to ensure that the latter sends a complete and updated schedule of confirmed and planned audits (dates, location, audit team composition, audit type and scope) on a yearly basis.</td>
<td></td>
</tr>
</tbody>
</table>
Case Officer | Plans the witnessing be based on:
---|---
| • The accredited scope of the CB;
| • Competence of CB lead auditors/auditors;
| • the CB’s overall performance;
| • factors such as risk, process complexity or legislation etc. which may influence the ability of the certified organisation to demonstrate its ability to meet the intended outcomes of the Management System;
| • feedback from interested parties including complaints about certified organizations;
| • the results of the CB’s internal audits;
| • scheme owner requirements, etc.;
| • changes in CB work patterns – growth of work within a specific region or technical area;
| • number of clients within the CB’s scope of accreditation;
| • CB’s auditor evaluation and approval process; and
| • previous witnessing assessment report.

The number of witnessing will depend upon:
- The number and type/variations in the business sectors which are applied for;
- The certification scheme and scope of certification for which CB is accredited;
- In what countries the CB operates and has key activities.

Ensures when planning for the Witnessing Audit:
- Each accreditation scheme shall be witnessed as per the requirements listed in the respective IAF Mandatory documents, i.e.:
  - at least one witnessing activity in each technical cluster of each management system scheme to be complemented with an office assessment for QMS if the CB has demonstrated sufficient experience and performance for an enhanced scheme. When this happens, at least one witnessing activity in each technical cluster of each MS scheme shall be performed, to be complemented with other assessment activities to guarantee that each technical cluster is assessed during two successive accreditation cycles; and
  - at least one witnessing activity in Food Chain Category (C+D) (if covered by the accredited scope of the CB) each year and at least one audit in each of the other clusters during the accreditation cycle.

The witnessing frequency established for the 1st cycle should be reinstated if significant changes occur in the CBs' auditor qualification process, auditing practices or results and audit personnel
- A CB with more than 300 certificates shall be witnessed twice every year as a minimum;
- Witnessing of auditor be done for a representative number of staff of the CB.
Case Officer | Each CB with more than 10 certificates in other countries shall be witnessed at least once during the accreditation cycle. However, witnessing shall be considered in 1 out of 2 accreditation cycles in cases where the number of certificates is less than 10.

The extent of the witnessing shall be decided in the following way:
- In case of new lead auditors, full audits normally will be witnessed, unless the experience with the organisation shows that we have confidence with their performance;
- For lead auditors who have been witnessed earlier, the witnessing do not need to be for the full audit;
- In case of extension of scope, the witnessing can be limited to the technical part of the audit. | IAF MD12

Case Officer | Records the selection of geographical locations. | IAF MD1

Team Leader and Assessor | Receives the following documentation from CB prior to the witnessing through the Case Officer:
- copy of the previous report of the certified company for the last audit if a surveillance audit or a renewal shall be witnessed;
- copy of audit plan;
- copy of audit team competence records and
- justification for calculation of audit time. | IAF MD17 IAF MD5

</tr>
</tbody>
</table>
| Team Leader | At the closing meeting:  
- Give the CB representative a copy of the recommendation report and non-conformities, if any (deadline for root cause analysis and proposed corrections/corrective actions 2 weeks and for corrections/corrective actions 2 months for assessment).  
The CB is provided an opportunity to seek clarification on the findings, if any, and their basis.  
The Assessor/MAURITAS Staff accompanying the Technical Expert shall within 3 weeks from assessment date issue a report and forward it to the Team leader. |
| Team Leader and Assessor | Submits reports resulting from the assessment including the Assessor’s/MAURITAS Staff’s report to the Head of CB and Quality section within 1 month from assessment date.  
If the Team Leader also is the Assessor, he/she shall submit two reports covering both functions.  
The reports shall include comments on competence as determined through conformity, the scope assessed and a description of non-conformities. The comments on competence in the assessment report shall be adequate to support the conclusions reached during the assessment. The team’s observations on areas of improvement may be presented to the CB without recommending specific solutions.  
If the report on the outcome of the assessment differs from the outcome delivered at the closing meeting, MAURITAS shall provide a written explanation to the assessed CB.  
The implementation of the corrective actions shall be verified at the next visit. |

Annex A

TIMELINE FOR ASSESSMENT OF CERTIFICATION BODIES

**PLANNING OF ASSESSMENT/WITNESSING (Refer to Section 5)**
- Dates of annual assessment visits are calculated from the date of granting of accreditation
- A resource review plan is prepared *(Within 2 weeks of date of assessment)*
- Assessment/witnessing are planned *(Within 2 months prior to the visit)*

**EXECUTION OF ASSESSMENT/WITNESSING (Refer to Section 5)**
- Assessment/witnessing is carried out
- Assessment team makes recommendation on accreditation

**REPORTING OF ASSESSMENT (Refer to Section 5)**
- A report which includes a description of non-conformities raised is submitted to the accredited CB *(Within one month from assessment date)*

**CLOSING OF NON-CONFORMITIES (Refer to Section 8)**
- Non-conformities raised are addressed by the CB *(Within 2 weeks from assessment date for proposed CAs and 2 months from assessment date for implemented CAs)*
- New deadline for unsatisfactory corrective actions is given *(A maximum of 1 more month)*
- Recommendation from assessment team about closing of each non-conformity *(Within 2 weeks from date of receipt of implemented corrective actions by assessment team from MAURITAS)*

**DECISION ON ACCREDITATION (Refer to Section 9)**
- The AC reviews the recommendation of the assessment team presented by the Director and makes decision on accreditation
- The Director takes the decision when the maintenance of accreditation is not related to a re-assessment and there is no modification to the scope.

**Decision of Accreditation Committee?**

- Positive
  - The CB is informed in writing about the decision of Accreditation Committee and is forwarded any relevant documents
  - MS updates the respective client files
- Negative
  - MAURITAS handles the negative conclusions as per MAURITAS Procedures and reminds the applicant about the right to appeal
  - Any appeals by the CB are handled as per MAURITAS Procedure

**Recommendation for maintenance of accreditation?**

- NO
  - MAURITAS handles the recommendation for partial/full suspension of accreditation as per MAURITAS Procedure
- YES
